TELEFLEX MARINE RELEASES NEW CATALOGUE

New User-Friendly Pages Make It Easier To Understand Technical Information And Order Systems and Parts

SOUTHAMPTON, UK (May 2010) - Teleflex Marine has released its new product catalogue *Steering, Controls & Cables For All Types of Boats*. This new, completely updated 250-page catalogue covers Teleflex Marine's complete line of hydraulic and mechanical steering systems, mechanical and electronic throttle and shift control systems, cables and accessories.

Designed to provide both technical instruction and product ordering information, this easy-to-navigate catalogue will prove a valuable asset for dealers and their technicians. Colour photographs and illustrations allow readers to see and understand how the various Teleflex steering and control systems work with all types of boats, including inboard, outboard and sterndrive vessels, as well as catamarans and jetboats. Technical details of electronic control systems are also covered in detail. A thorough FAQ section provides technicians with answers to the most common installation and repair questions.

In addition to clearly communicating in-depth technical information, this new catalogue makes it easy for dealers to order parts. All products are cross-referenced and indexed so dealers can order all the necessary parts and pieces to complete the job.

To order a copy of this new catalog contact Teleflex Marine, PO Box 5990, Verwood, Dorset, BH31 9AA, UK. Phone: +44 (0)1202 828010. Catalogue pages can also be viewed online or downloaded by visiting Teleflex Marine online at www.teleflexmarine.com and clicking on **Marketing**.
